Bartender Gannon, of the Kentucky saloon, was in the police court this morning charged with assault, but on the request of his attorney the case was continued until tomorrow morning. Gannon is charged with assaulting a Portuguese boy by the name of Souza at a luncheon that was held on Saturday night. A number of conflicting stories have been told about the fight which ended in Souza being taken to the hospital to receive necessary repairs. From the latest reports at the hospital, Souza is beyond all danger of death as a result of a stone alleged to have been thrown by Gannon.

A good deal of evidence is expected at the trial tomorrow morning, as both have a number of witnesses who will be able to give the court some idea of exactly what happened.

Kennedy is chairman is arranging for the reception and entertainment of the Pacific Coast commercial delegates to China who will be passing through here on the Pacific Mail steamship Korea, due to arrive from San Francisco on Monday next, August 29. The delegation is to be tendered a luncheon at the Moana Hotel.

SIERRA WILL ARRIVE ON TIME

According to the wireless message received last night from Captain Houdlette of the Oceanic liner Sierra, the popular liner will be off port at six o'clock in the morning in spite of her delay of three hours in leaving San Francisco. At eight o'clock last night she was 524 miles from Diamond Head, enjoying fine clear weather with the sea smooth and calm. Ninety-four first and eight steerage passengers are coming by the speedy liner. Two hundred and ten bags of mail, twenty-eight hundred and seven tons of freight including a large amount of express matter are also being brought for Honolulu.

With the exception of her first voyage on the local run, the Sierra has arrived on schedule time, it being no-

EMBEZZLEMENT EPISODE OF SIX YEARS AGO STILL STICKS TO HONOLULAN IN SHANGHAI

Inquiries have been received from Shanghai regarding Frank Fernandez, formerly of Honolulu, who skipped out of here six or seven years ago with Henry Kapea, embezzler. It appears that Fernandez is an applicant for a license to conduct a cafe in Shanghai, and his Honolulu trouble has come home to roost. The Shanghai authorities want to know about his Honolulu record.

W. S. Fleming, attorney of Shanghai, formerly of Honolulu, has written to Attorney General Lindsay asking that the latter send the facts, to help Fernandez out, as he is in danger of being turned down because the Hawaiian government is said to "want" him.

Fernandez left here with Kapea, who stole considerable money from the Hawaiian Trust Company in 1904.

cessary on every trip to slow down so as not to arrive here on Thursday. The Sierra with a full cargo of freight and a large number of passengers will leave for San Francisco next Wednesday morning at ten o'clock.

MEDAL FOR FREETH

George Freeth, one of the best swimmers on the Pacific coast, has recently received from Congress a medal which was voted him for special bravery in saving the lives of seven Japanese fishermen from certain death during a big storm on December 16, 1908. This is the eleventh medal of its kind awarded by Congress for bravery. Freeth when he was last here surprised every one by his wonderful feats in the water. Freeth's mother and sisters are receiving the congratulations of their many friends over the honor received by their son and brother. Freeth is at present employed as a life-guard at Venice, California. Before Freeth made the brave rescue of the Japanese fishermen, he had nearly fifty lives to his credit, which he had saved from drowning along the California coast.

BOGUS NICKELS

HONOLULU THE SCENE OF A VERY SMALL KIND OF COUNTERFEITING ENTERPRISE.

Honolulu is the home of an enterprise for the making of counterfeit five cent pieces. Counterfeits of this sort are new to most federal officers accustomed to investigating the bad money business. It is not often that the risks attending such a serious crime as counterfeiting are undertaken for the sake of nickels.

A bad nickle passed at the Young hotel bar was turned over to the federal officers this morning. It was just like some others which Marshal Hendry already had wind of. The coins are mostly lead. The stamp is good but there is no ring, and the color quickly wears off, he counterfeit is easily detected.

BUY TICKETS TODAY

Get your ticket for the Kaula excursion before the inter-island office closes tonight. The demand is growing. More people than were expected desire to see the beautiful scenery of Kaula.

Though it happens to be raining a bit today is no indication that the weather will not be all right on Saturday and while it may be raining here it does not follow that any rain will reach the Garden Island when such a big excursion party is visiting its hospitable shores.

So far everything points to a good time. There are congenial people booked and more coming on the Sierra tomorrow and from Hilo on Saturday. Ten dollars pays all expenses on the steamer. If one wants to take the ride overland from Nawiliwili to Hanalei the extra expense for the automobile is about ten dollars per passenger.

INDICTED FOR "RESCUE"

"Rescue" is the crime for which an indictment was returned by the Grand Jury yesterday against Kang Man Cho. He is alleged to have Chun Duck Soon from the clutches of the law.

The two traveled in company to Japan and efforts were made to extradite them. There was no extradition treaty with Japan, however, as far as embezzlement is concerned, unless the embezzlement was of public funds. Kapea soon made the mistake of leaving Japanese Territory and he was apprehended in London and brought back here and sentenced.

According to the letters received from Shanghai Fernandez has been leading an exemplary life and has made a good name for himself. But the minute he tried to get a license to do business in a cafe, the old charge was laid against his door. The government wants an explanation.

In response to the request sent, Attorney General Lindsay will report the facts to Shanghai. Whether they will do Fernandez any good is a question.

NO MEN TO GO ON CHINA

Hackfeld & Company have received cable advices from Yokohama, that the Pacific Mail liner China due to arrive here on September 3 will have only room for ten passengers to San Francisco. In addition to the small number allowed to go, the edict has come that they will have to be all members of the female sex as no rooms are available for men. This will be rather hard for the men who wanted to go by the popular old liner, but the local agents are unable to change the wording of the cable that they received.

The China has eight hundred tons of freight for Honolulu, which will allow the ship being despatched for the coast at five o'clock providing she arrives early in the morning. This is the first time in the history of steamships in Honolulu that such an order has been received by any company.

AFTER LAND FOR BISHOP STREET

ATTORNEY GENERAL LINDSAY WILL SOON BEGIN CONDEMNATION PROCEEDINGS.

MANY GOING ON KAUL EXCURSION

Nearly every berth on the steamer Mauna Kea has been engaged for the special excursion which will leave here on Saturday night at eight o'clock for a tour around the island of Kaula. This initial trip according to the officials of the company promises to be a success in every way. The popular liner will arrive back early on Monday morning, so that those who are contemplating getting home in time for business will be satisfied. If this excursion proves popular, it is almost certain that another one will be given some time in the near future.

COMMITTEE TO GREET THE VISITORS

A special committee representing the Honolulu Chamber of Commerce will go out in the customs launch on Monday morning to greet the members of the Coast Chambers who are going through on the Korea to attend the conventions that will be held next month in all the large cities of China.
